Year Two Autumn 1: Curriculum Letter

English

As writers we will be introduced to a fiction story called NO Dinner by Jessica Souhami. We will write a narrative focusing on sequencing the story.

Maths

As mathematicians we will learn all about place value showing and understanding of numbers and problem solving. We will focus on addition and subtraction using the column method.

Science

As scientists we will learn all about Animals including humans. Children will notice that animals including humans have offspring that grow into adults. They will learn what are the basic needs of animals and humans.

History

As historians we will learn …
About the catastrophic event of The Great Fire of London and how this was documented in the diary of Samuel Pepys. Children will understand how and why this event was significant nationally and globally as an important period in history.

Art

Amazing Animals
Artist – Pablo Picasso
Children will learn all about the Picasso's work and why it was liked. They will look at what drawing techniques he used and will produce art work in the style of the artist.

Computing

As programmers we will learn …
to explore how to use appropriate software J2e to paint, write and animate.

Music

As musicians we will take part in a range of vocal activities that encourage us to perform, listen to, review and evaluate music. We will be following the CHANGRA Music Scheme to learn about our theme "hands, feet, heart."

Physical Education

As athletes we will have the opportunity to learn to use different body parts
Teambuilding
Children will learn a range of teambuilding activities.
Dodging- ball games
Children will learn to link movements together in games.

Religious Education

As thinkers we will learn In RE, children will focus on the importance of following rules and living by rules.

PSHE

As citizens we will learn all about keeping safe and healthy, thinking about groups we belong to.

Creativity Aspiration Respect Excellence Supportive
